Business Intelligence	██████████	██████████	
Performance Optimization Principles	██████████	██████████	
Data Warehouse Security	██████████	██████████	
Industry-Specific Implementation Guidelines	██████████	██████████	
Implementation Principles		██████████	██████████
Modeling Practices		██████████	██████████
Data Mining and OLAP		██████████	██████████

## Work Speed/Accuracy:

Very Slow	Below Average	Average	Above Average	Very Fast
-----------	---------------	---------	---------------	-----------

Sid has demonstrated above average speed in analyzing and answering the questions and may be considered for time critical projects.

## Subject Coverage: 84%

Strong 25%
Proficient 59%
Weak 16%

## Application Ability:

Negligible	Limited	Moderate	Significant	Extensive
------------	---------	----------	-------------	-----------

Sid has demonstrated a mastery in applying his/her knowledge to practical applications.

Sid has demonstrated a proficient or strong level of knowledge in 84% of the subject matter.

IKM assessments are designed to measure overall proficiency in a subject and depth of knowledge in specific sub-topics. This score report does not provide a criterion-referenced interpretation, pass/fail score or standard of performance. Please note that test results, in isolation, are not pure predictors of success in employment or any given role. Other indicators, such as prior experience, references and interviews, should be considered prior to any employment or business decisions.
